2.How to enter the house

① You'll find an electronic lock panel on the entrance door.

② First, touch [ASCA] on the panel.

③ Some numbers come out in a column on the panel.

Please touch any of the numbers.

④ All the numeric keys will come out on the panel.

Please enter "your pin number + #" within 5 seconds. If you fail to enter the pin code within the time limit, you'll need to start all over from the 1st step.

Your Pin Number is 2015#

Please make sure that you push the ♯ button after the pin code.

If you enter wrong pin codes 5 times in succession, the locking system will stop working for 5 minutes.

⑤ The entrance door will open after flashing in blue.
