There are 2 exits on the southern side of the Kyoto station, Shinkansen Hachijo-main-exit and Hachijo-east-exit.

First look for the the **Hachijo street**, or **ASTY ROAD** following the same direction inside of the Kyoto station. This will greatly help your orientation.

ASTY ROAD is a shopping passage with many restaurants and shops. This passage connects both Shinkansen Hachijo-main-exit and Hachijo-east-exit.

Next please find the **Avanti** shopping mall.

When exiting from the **Hachijo-main-exit** you have 2 choices:

**1st:** Cross the Hachijo street at the nearest crosswalk. You will be right next to the **Ibis Styles Hotel** and continue east following the Hachijo street. After 120 meter you will see the **Avanti** shopping mall. Your view will be exactly as on the picture in the above.

**2nd:** You can use the **ASTY ROAD** and walk east to the Hachijo-east-exit. You will be passing by a **McDonalds** located 25 meters from the Hachijo-east-exit and reach an **underground pedestrian passage** leading to the Avanti shopping mall. The passage is easy to spot, clearly marked and is right where the **Hachijo-east-exit** is. When exiting from the Hachijo-east-exit just use the underground pedestrian passage.

From Avanti shopping mall please continue south on **Karasuma street** for approximately 230 meters.

At the 2nd bigger intersection you will find the **Daiwa Roynet Hotel**.

Here turn left and continue to the east following the **Toji street**.

After 150 meters, cross the intersection of **Toji street** and **Prefectural Route 115** shown in the picture below and go straight.

The house can be found on your left. Please see the picture below.
