BUS IN KYOTO

- In Kyoto, buses are boarded from the rear and exited from the front.
- Payment is also made at the front, into a machine by the driver's seat.
- You should pay with the exact fare. If you don't have the exact fare, there is a change machine beneath the payment slot that can break down coins and 1000 yen notes.
- Rechargeable IC cards such as SUICA, ICOCA and PITAPA can be used on all Kyoto City and Kyoto Buses. Outside the flat fare zone you should touch your card to an IC card reader when you enter the bus and again on your way out.
